Our tour guide will pick you up from your hotel in Giza to enjoy a Private day tour to the Pyramids of Giza with a Private tour guide First, you will visit the Great Pyramid of Giza (also known as the Pyramid of Khufu or the Pyramid of Cheops) is the oldest and largest of the pyramids in the Giza pyramid complex. It is the oldest of the Seven Wonders of the Ancient World, and the only one to remain largely intact.

The Pyramids of Cheops :

The Great Pyramid was built as a tomb for the Fourth Dynasty Egyptian pharaoh Khufu and it is estimated that it was built in the 26th century BC around 27 years.

Initially standing at 146.5 metres (481 feet), the Great Pyramid was the tallest man-made structure in the world for more than 3,800 years. Throughout history, the majority of the smooth white limestone casing was removed, which lowered the pyramid's height to the present 138.5 metres. What is seen today is the underlying core structure. The base was measured to be about 230.3 metres (755.6 ft) square, giving a volume of roughly 2.6 million cubic metres (92 million cubic feet), which includes an internal hillock

If you wish to visit the burial chamber of King Cheops . Then we will visit the Pyramid of Chephren or Khafre. This is the second-tallest and second-largest of the 3 Ancient Egyptian Pyramids of Giza and the tomb of the Fourth-Dynasty pharaoh Khafre (Chephren), who ruled c. 2558?2532 BC .Then we will the Pyramid

of Mykerinus . Enjoy a Panoramic View of the 3 Pyramids of Giza

We go head to visit the Valley Temple of king Chephren. While doing that you can have a closer look at the Great Sphinx - the legendary guardian that stands by the huge funeral complex with its lion body and the head of king Chephren.

After witnessing the greatness of the pyramids you will be hungry. So let's take a break for a delicious Egyptian lunch where you will lose your mind because of the most tasty food you will eat

Now as it is the time of the fabulous Egyptian museum that contains many important pieces of ancient Egyptian history. It houses the world's largest collection of pharaonic antiquated

If you wish to visit the mummy's royal hall, where you will have the feeling of strolling down the Valley of the Kings where most of these mummies were originally resting then ask your Tourguide to take you to the National Museum of Egyptian Civilization . Optional

The Grand Egyptian Museum (GEM), located near the pyramids of Giza, is set to be one of the largest archaeological museums in the world. It will showcase Egypt's rich history with over 100,000 artifacts, including the complete collection of King Tutankhamun's treasures, displayed together for the first time. The museum's modern design incorporates traditional Egyptian elements, featuring spacious galleries, interactive displays, and panoramic views of the pyramids. GEM aims to provide a state-of-the-art experience for visitors, bridging Egypt's ancient past with cutting-edge museum technology.

. Now we reach the tour ends after about 8 hours you will be transferred to Cairo airport to fly to Aswan- followed by Transfer to your hotel in Aswan

Our representative will pick you up from the hotel in Aswan Transfer to board your Nile cruise. Lunch on board of the Nile Cruise, proceed Visit of Aswan including the Temple of Philae and tour by Felucca around Elephantine, the High Dam, the Unfinished Obelisk.

Phiala temple:

Built to honor the goddess Isis, this was the last temple built in the

classical Egyptian style. Construction began around 690 BC, and it was one of the last outposts where the goddess was worshipped.

The High Dam :

Aswan High Dam is a rock-fill dam located at the northern border between Egypt and Sudan. The dam is fed by the River Nile and the reservoir forms Lake Nasser. Construction for the project began in 1960 and was completed in 1968. It was officially inaugurated in 1971.

The Unfinished Obelisk :

Aswan was the source of ancient Egypt's finest granite, used to make statues and embellish temples, pyramids, and obelisks. The large unfinished obelisk in the Northern Quarries has provided valuable insight into how these monuments were created, although the full construction process is still not entirely clear. Three sides of the shaft, nearly 42m long, were completed except for the inscriptions. At 1168 tonnes, the completed obelisk would have been the single heaviest piece of stone the Egyptians ever fashioned.
